Why BeeCon?

A Story

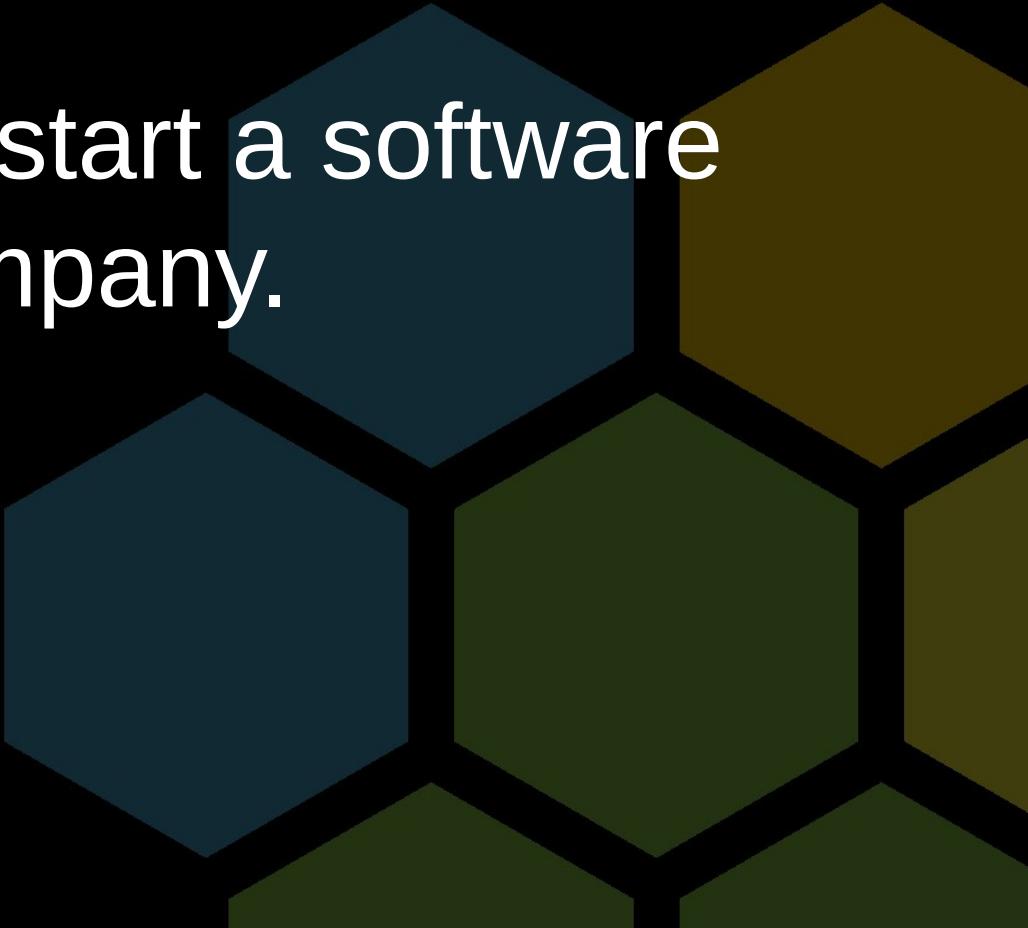

`sudo apt-get install
Microsoft Flight Simulator`

```
sudo apt-get install  
microsoft-flight-simulator
```

sudo apt-get install
alfresco

Anyone can start a software
company.

`sudo apt-get install
community`

My boss told me to implement ECM with Alfresco. Needs to integrate with ERP. Go live is tomorrow. PLEASE HELP.

Anyone can run a forum and say
they have a community.

```
sudo apt-get install beecon
```

Anyone can put on a conference.

Vision Roadmap How-to/Insights

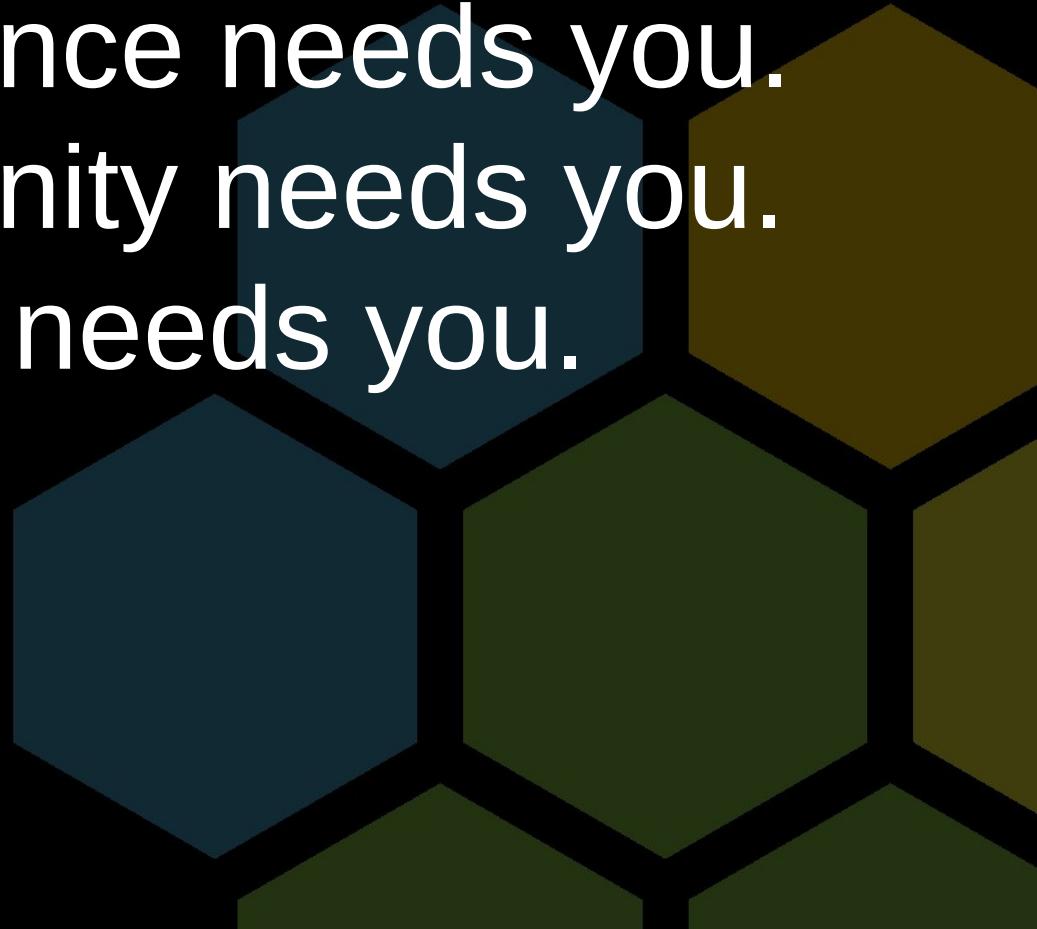

Re-connect
Re-charge
Re-commit

Our mission is to guarantee
the existence of Alfresco
Community Edition as a
free/libre open source
solution for document
management.

– Order of the Bee

This conference needs you.
This community needs you.
Alfresco needs you.

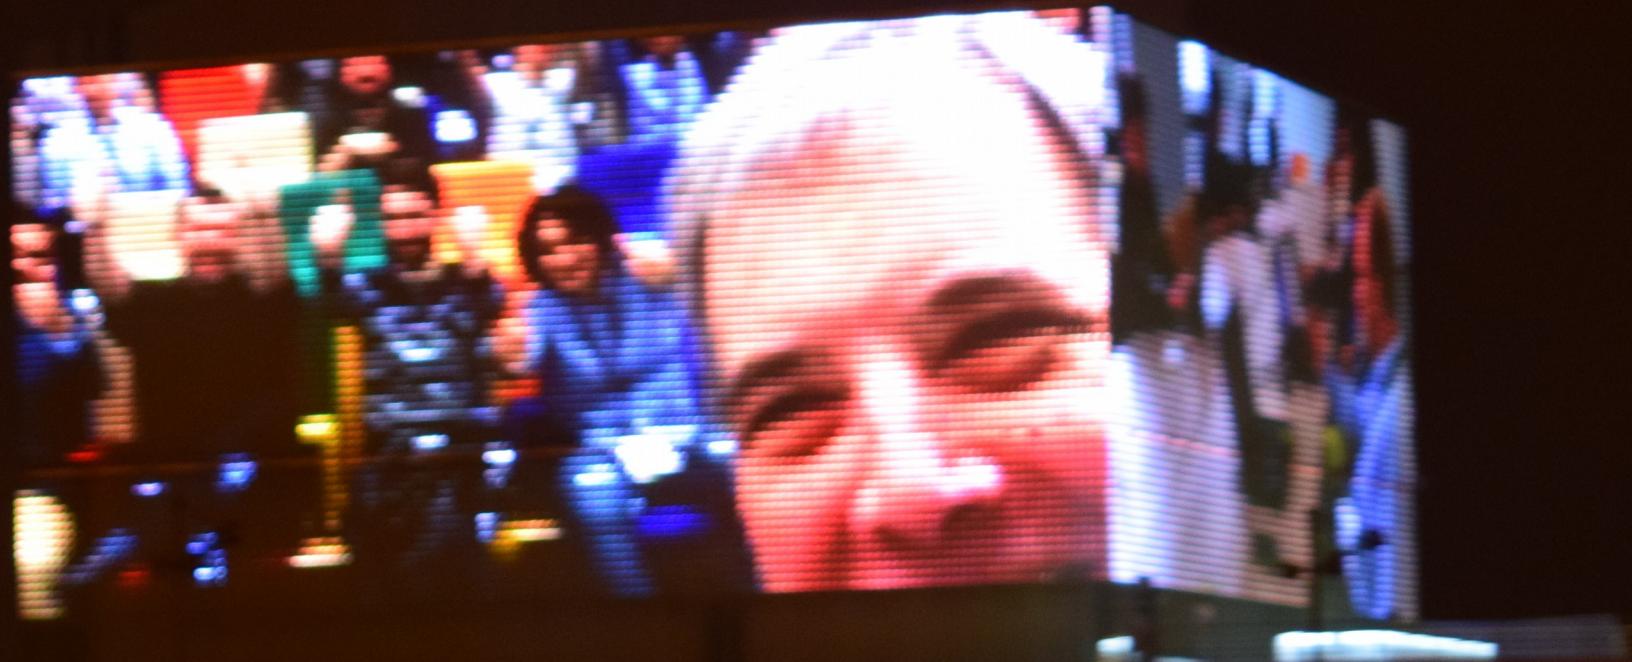

Be present.
Be intentional.
Make a difference.

What difference will you make?

BeeCon
2017
